Complete a separate template for every degree & certificate.

This degree currently has only one broad PSLO. Year 1 will be used to develop multiple PLSOs. A more comprehensive list of PSLOs will help ensure our ability to accurately assess program learning outcomes across multiple strands of over-arching learning goals. Year 1 will also be used to restructure and map CLSOs to the new PSLOs. We will begin collecting data in years 2 and 3 for analysis and discussion.
