

# SHARED GOVERNANCE HANDBOOK

Updated June 25, 2024

Accepted by Board: September 13, 2022

Updated/Approved by College Council: **NEEDS TO BE FINALIZED** September 26, 2024.

## Message from the President

Las Positas College takes great pride in fostering a collegial and shared governance approach to the planning and decision-making processes of the college. Shared governance is all groups participating in the varied parts of the process of decision-making. We have agreed together on the process and roles of administrators, faculty, and classified professionals and various interconnected functions across the campus. Our process allows for timely decision-making practices that are aligned with expertise and responsibility. Working together at shared governance has allowed us to balance maximum participation with clear accountability. It gives a voice to all constituencies, although, not final authority, for common concerns or specific concerns for all groups.

This Shared Governance Handbook serves as a resource to faculty, classified professionals, students, and administrators on all matters related to the leadership and governance process of the College. The handbook provides an overview of the college's shared governance committee structure, operational guidelines for committees, committees reporting structure, useful forms and templates for committee members, and college planning processes. The college created this handbook to promote understanding and encourage participation on behalf of all members of the college community to serve on its various committees and councils. The institutional structures outlined in this handbook will ensure the continued advancement of Las Positas College and the success of our students.

We've updated the handbook to include the ACCJC, June 2024 Accreditation Standards for which each of the college governance committee supports, you will find this information in Appendix G. This handbook is reviewed and updated on an annual basis.

Many thanks to those who have shared in the revisions and updating of this version of our Shared Governance Handbook.

Sincerely,

Dyrell Foster, Ed.D.  
College President  
Las Positas College

## **SECTION II.**

# **Overview of Shared Governance**

# **OVERVIEW OF SHARED GOVERNANCE AT LAS POSITAS COLLEGE**

## **Introduction**

The shared governance structure of Las Positas College is reflective of an institutional decision-making process that includes representation from all constituents (students, classified professionals, faculty, and administrators) in recommending policies and/or procedures (exclusive of collective bargaining issues) to the President, Chancellor, and Board of Trustees.

The shared governance process is based upon the mutual belief and tradition that the development of College policies, procedures, and recommendations is made by consensus and built upon campus-wide involvement of students, faculty, classified professionals, and administrators. This belief is founded on the premise that, while each group has unique responsibilities and authority, many issues – because of their effect on the operation of the College as a whole – are not exclusive. Through the active engagement and participation of all constituency groups on campus, there is strong commitment to the successful implementation of policy decisions resulting from college-wide recommendations.

This process is in concurrence with the recognition by the Board of Governors of the California Community College System and the CLPCCD Board of Trustees (Policies 2015, 2016, 2017, and 2018) that all key parties participate in college and district governance in accordance with Title V (§ 51023.5, 51023.7, 53200, 53201, 53203, and 53204).

All members of the Las Positas College campus community are invited and encouraged to attend committee meetings. Although there are specified voting and non-voting members for each committee, the college encourages any interested faculty, classified professional, student or administrator in attending any committee meeting based on their interest.

## **Purpose of the Shared Governance Process**

The purpose of the Las Positas College shared governance process is to develop a method for collegial consultation that appropriately involves staff, faculty, and students in the planning and operation of the College. This inclusion brings with it the responsibility and obligation on the part of all members of the campus community to fully participate in and be open to the collegial process. This means willingness on the part of all groups to actively contribute to the decision-making process and to accept ownership for the development and creation of a College environment based on these decisions.

These procedures attempt to guide appropriate representation and authority for each constituency group and to delineate committee responsibilities and reporting relationships. It is a purposefully fluid process that will be reviewed and refined on an annual basis, or sooner when needed, with the goal of enhancing and improving collegial consultation.

The Board of Trustees has delegated-authority, through the Chancellor to the President, who will – as appropriate – share that authority through this collegial consultation process. Final authority for governance of Las Positas College rests with the Board of Trustees.

## **Chabot-Las Positas Community College District (CLPCCD) – Relationship to LPC Shared Governance**

The CLPCCD (District) reviews and endorses this Shared Governance Handbook upon each revision. Note that the District has committees which assist the two Colleges' committees with their work and which have members from each College.

The District committees are listed below and their membership and charge information are on the District webpage at <http://districtazure.clpccd.org/committees/index.php>.

These committees' meeting dates are usually on Fridays.

- District Facilities Committee
- District Planning and Budget Committee (District PBC)
- District Technology Coordinating (TCC) Committee
- District Enrollment Management Committee (DEMC)

## **Committee Structure**

The vehicle by which the consultation process shall function and be organized is the shared governance structure, made up of the College Council, Committees, Sub-Committees, Advisory Groups, Task Forces, and User Groups (for vendor relations). These governance bodies are designed to provide expertise and formalize the collegial process, facilitate communication, develop plans and processes, and provide input for the effective planning and operation of the College. Agendas will be made available prior to the meetings and minutes for committees and sub-committees will be taken at all meetings and distributed through e-mail and posted in appropriate locations. Term lengths do not preclude members from serving additional terms.

### **College Council**

The College Council is the body that reports information and makes recommendations directly to the President of the College via the shared governance structure. The College Council is charged with a scope of responsibility that is institutional and broad in nature and/or particularly significant. All executive leadership and constituency groups are represented and members serve as representatives of these groups. See the Committee Chart following this section.

### **Committees**

Committees report and make recommendations to the College Council or a Committee which reports to the College Council, or committees report to a governance group, such as the Faculty Association, SEIU, or Academic Senate. Committees have significant scope and meet regularly on an on-going basis.

Chairs for College Committees do not vote at their committee level, unless a vote is needed to break a tie. Chairs for Academic Senate Committees may or may not vote, as the Senate decides, and these are noted on each committee page in the Committee section.

### **Sub-Committees**

Sub-committees serve committees with a specific role or focus. They are on-going and may meet regularly. They work from an agenda and have informal minutes. They have a member from the parent committee, and they each report to their parent committee. Their work may come to College Council through the parent committee they serve. They are formed or disbanded by their parent committee.

### **Advisory Groups**

An advisory Group is a collection of individuals who bring unique knowledge, skills, and expertise to provide strategic advice or recommendations to an entity, such as the LPC President, Executive Team, Academic Senate, Classified Senate, etc. An Advisory Group may be standing (or ongoing) or ad hoc (one-time) in nature.

### **Task Forces/Work Groups**

Task Forces/Work Groups are groups that accomplish limited tasks (such as an event) or initiatives (such as a grant). Appointments to Task Forces/Work Groups are made based on the duties of members necessary to accomplish the task. They are not required to keep an agenda or take minutes.

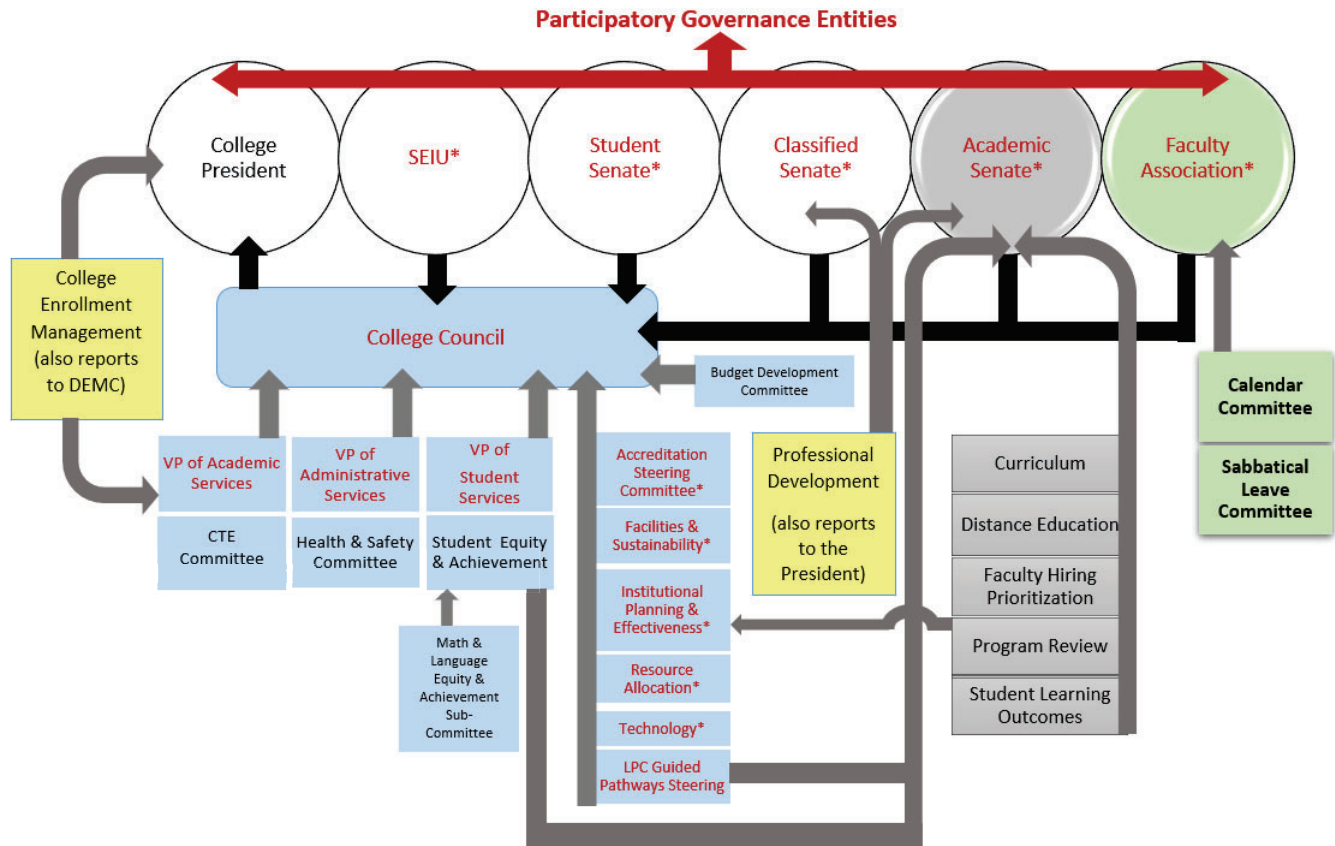

### **User Groups**

User Groups work with the vendors of the bookstore, food services, or other areas. They recommend policies and general procedures involving the vendor-operated areas and work with vendors to solve service situations or problems and to make improvements. Meetings are called as needed by the Administrator in charge.

### Roles and Responsibilities

#### Committee Chair

When chairs of the College Committees are chosen, they become non-voting members of the committee. In the event of a tie, the Chair may vote to break the tie if they wish. Other ways to make the decision include consensus or, if not a time-critical matter, continued discussion and consensus of voting later or holding the topic over to a future meeting agenda.

**The Shared Governance Group that the chair comes from may choose to replace the voting member from their Senate/Union/Division (as applicable) and notify the President’s Office of this replacement.**

Chairs are chosen to guide the agenda, discussion, and votes for the good of the whole campus. They are expected to be well-versed in parliamentary procedures in order to be able to effect efficient and collegial discussions.

- If committee reports to College Council or Academic Senate, be prepared to attend those meetings (i.e., prepare one’s schedule in advance to accommodate attendance).

- Understand the committee’s charge, membership, connections, and reporting relationships to other governance groups.
- Be familiar with relevant accreditation standards and make requested reports.
- Be prepared for meetings.
- Encourage participation of committee members and elicit feedback.
- Ensure that all voices have an opportunity to be heard before decisions are finalized.
- Utilize time management for discussions and meeting time.
- Facilitate dialogue and keep discussions “on track.”
- If the governance group does not have support/resource staff, the Chair is responsible for sending out and posting meeting materials.
- Keep the membership list up-to-date and inform the committee or College Council support person of changes.
- At the end of each meeting, summarize key decisions and next steps for members.
- As soon as possible after meetings, send out Message Points to the committee, Deans, VPs, and constituent groups to assist in Division discussions and to inform other committees which may need to coordinate topics.
- Work collaboratively with Administrative Liaison and support/resource staff (if provided) to develop agenda and meeting materials.
- If new members join the committee mid-way through the semester, provide them with an “orientation” on the group’s charge, membership, and schedule as well as brief overview of the issues addressed to date.

### **Committee Member**

- When signing up for committees, note the terms and responsibilities and arrange one’s schedule to accommodate the needed work.
- Attend all meetings of the governance group; if a scheduling conflict should arise, identify a proxy to attend the meeting in your place, and when possible, notify the Committee Chair in advance.
- Be prepared for meeting: review materials in advance; be ready to discuss and/or provide feedback; take notes to report back to the constituency group.
- Follow through on seeking feedback from and/or communicating information to constituents
- Adhere to key dates and deadlines for meetings, submitting votes, and follow-up items.
- Lend your voice/perspective to discussions and decisions – remember that you are there to represent your respective constituency group; participation in the dialogue and decision-making is your individual and collective opportunity to weigh in on institutional issues; when in doubt, ask questions.

### **Administrative Liaison**

- Working collaboratively with the Chair and/or the Administrator, provides information and support to the committee.
- The Administrator is often a long-standing member of the committee who can provide history, background, and context for committee discussions and decisions.
- Assists Chair with development of the meeting agenda.

### **Support/Resource Staff**

- Takes notes; types/prepares minutes and agenda.
- Posts documents online; maintains current and accurate committee information on the College website.
- Assists Chair and Administrative Liaison with meeting materials and logistics.
- Maintains the archive of committee processes, actions and decisions.

- Functions as the “conduit” for the committee with materials and announcements (e.g. agenda, handouts, votes, etc.) flowing to/through the support staff.

## **Terms of Service**

- Unless otherwise stated, members will serve a term of two years on each committee to which they have been appointed as a representative.
- To the extent possible – and to maintain continuity of membership and committee history/decision-making – only half of the representatives will be replaced each year.

## **Meeting Times and Location**

The Master Calendar of College meetings is managed through the President’s Office. If a governance group wishes to change the time, day, or location of its meetings, the request (including rationale) must be submitted in writing to the President’s Office. The request will be reviewed and evaluated with regard to processes, room availability, and potential impact on other meetings and constituents.

## **Distribution of Documents**

Chairpersons or the committee administrative support person should assure that:

- A campus-wide email regarding the meeting time is sent prior to the meeting.
- Include the agenda with the campus-wide email, if possible.
- For committees subject to the Brown Act (i.e. Academic Senate, Classified Senate, Student Senate, and Curriculum Committee), agendas must be sent at least 72 hours prior to the meeting.
- When possible, send draft minutes to members within 5 working days after meeting; asking for edits.
- When possible, post approved minutes within 5 working days.

## **College Committee Changes, Creations or Deactivation**

The process for creating or deactivating a committee that reports to College Council follows the Robert’s Rules of Order and the philosophy of LPC Shared Governance.

Should a new committee be deemed necessary (such as Sustainability in 2010 or Integrated Planning in 2013), the matter should be placed on a College Council agenda under New Business. Reasons for the new committee will be presented and discussed and well as providing a Shared Governance Worksheet for the new committee. If prior research has taken place or the new committee has been championed by a certain group or committee, it may be presented at this time. If no research has been done yet, a task force may be created to research the pros and cons.

When fully researched, as with all shared governance matters, the College Council will hear the recommendation and then if agreed upon, shall send it to all constituent Council members (Senates, Unions, Administration) for discussion and voting. The Constituent groups may be asked to provide a one-month turn-around for the decision, if necessary, for accreditation or other needs.

When the Constituent votes return to College Council, the decision will be recorded in the minutes and new arrangements will begin to be made for creating or deactivating the college committee. On applicable committees, should the Academic Senate decide to reduce or increase the number of its representatives, the Classified Senate would like to match the number of its representatives to the faculty number automatically. This will be discussed in College Council.

## **Committee Assignments**

Committee assignment will take place through the President, Vice Presidents, Deans, Academic Senate, Classified Senate, Student Senate, SEIU, and Faculty Association processes prior to the start of committee meetings each fall.

## **Decision Making**

### **Quorum**

A quorum must be present at a meeting in order for governance group action items and recommendations to be considered official. For the purposes of the College governance system, a quorum is determined to be a simple majority (i.e., 50% +1) of the committee's voting members. An un-appointed seat does not count when determining a quorum (i.e., if your governance entity cannot fill all the seats).

### **By Vote of Consensus**

LPC committees use Robert's Rules of Order, Revised for parliamentary rules.

For items requiring an official, recorded decision by the committee, action may be taken by achieving consensus or by taking a vote (verbally, with show of hands, or via email). To maintain consistency, each committee group should agree (ideally at its first meeting of the fall semester) on the decision-making method it will use throughout the year.

Helpful guidelines for achieving consensus:

- Clarify the problem/issue/question;
- Outline the criteria/parameters (effect on students, equity impact, use of tangible and intangible resources, etc.);
- Explore alternate solutions;
- Consensus does not mean unanimity (a few members opposed to the motion do not prohibit consensus, as long as the majority accepts the decision).

### **Robert's Rules of Order, Revised**

The situations below apply for these common circumstances:

- No quorum to approve agenda:
  - If no quorum at beginning of meeting, agenda cannot be approved;
  - If quorum occurs during meeting, can approve agenda and discuss and vote on any action items.
- No quorum later in meeting:
  - If a quorum fails to be maintained during the meeting, no further votes or action items may be taken.
- Approval of past minutes:
  - Any member may vote on approval of minutes whether or not they were in attendance at that meeting;
  - The vote can be seen as confidence in the secretary to the committee.

(For reference on Robert's Rules of Order, see Q&A on: <http://www.robertsrules.com/faq.html#1>)

## **Expectations and Engagement**

### **Accountability**

- Attend all meetings.
- Represent your respective constituency group but always maintain a focus on what is in the best interest of students and the institution.
- Adhere to key dates and deadlines for meetings, submitting votes/feedback, and follow-up items; any delay in communicating the necessary information back to the committee/Chair can impact the group's effectiveness and ability to carry out its charge.
- Stay engaged in meeting discussions, through participation and/or active listening.
- Lend your voice/perspective to discussions and decisions.
- If a committee member is absent from three or more meetings during the course of the semester without sending an alternate representative, the Chair, Administrative Liaison, or Resource Staff should contact the appointing body to identify a replacement (or to determine if naming a replacement is necessary/appropriate).
  - If notified of a member's absence in advance – and if an alternate is not available or appropriate – the Chair (or Support/Resource Staff) can attempt to have the member to participate via phone or teleconference; contact the Technology Department for these arrangements.
- All committee meetings are open, and all members of the campus community are welcome and encouraged to attend.

### **Communication and Collegiality**

- Maintain a professional and collegial environment; attack the issue – not the person.
- Remember that as members of the campus community, we're all on the same team – and 'we don't tackle someone wearing the same jersey'.
- "Step up, step down" – share the floor with the other committee members; feel comfortable to speak your mind and share your perspective, but avoid dominating the discussion; make sure there are opportunities for others to join in the dialogue.
- Stay engaged in meeting discussions through participation and active listening; avoid sidebars/private conversations, use of smartphones/tablets/laptops to check messages and surf the web, and other activities (e.g., grading assignments or doing homework) as this may be viewed as a distraction or disrespectful to your fellow committee members.
- Have a "culture of veto" – Decisions by consensus allows the work of the committee/College to move forward; won't be stuck at a standstill because of one person won't agree.
- All are equal members of the committee; open communication shall take place without fear of reprisal.
- Although committee decisions/discussions may be communicated broadly or informally by the Chair, Administrative Liaison, and others, it is the primary responsibility of each member to keep their respective constituents informed of committee actions.

## **Committees Reporting to Academic Senate**

## Committees Reporting to Academic Senate

### **Curriculum Committee**

College Council Approved May 17, 2024

#### **Overview:**

Responsible for reviewing curriculum, establishing prerequisites, placing courses in disciplines, assigning course identifiers, degree, and certificate requirements, developing process and timelines for review of academic programs, grading policies, maintaining and updating the discipline list, promoting equity in curriculum, and making recommendations to the President for action by the Board of Trustees. All new courses and programs, as well as changes in current course and program content, structure, or credit, must be reviewed by this committee.

#### **Charge:**

The Curriculum Committee (hereafter referred to as “the Committee”) is responsible for ensuring and preserving the academic integrity and quality of all courses and programs offered by Las Positas College. The Committee’s primary responsibilities lie in five major areas, as specified by Title V [Title 5 §53200]:

- Curriculum
- Degree and certificate requirements
- Grading policies
- Educational program development
- Standards or policies regarding student preparation and success

As a sub-committee of the Academic Senate, the Committee reports its recommendations for approval in the areas of Curriculum and Educational Programs to the Senate as informational items and forwards its recommendations in these areas to the Office of the Vice President of Academic Services. That office prepares the recommendations for presentation to the Board of Trustees by way of the President’s Office at the College. The Board of Trustees is the sole authority for approval of all curriculum recommendations in the areas of Curriculum and Educational Programs.

In the area of Degree and Certificate Requirements, it is the duty of the Committee to formulate policies for approving degree and certificate requirements for presentation to the Senate. It is not the role of the Senate to change these recommendations. However, it is appropriate for the Senate to review the policies and procedures used [Title V §53203(a)] and call attention to any irregularities which might require a recommendation to be returned to the Committee for reconsideration. Changes to the General Education pattern for the Associate degree may be recommended by the Committee but must be agreed upon through collegial consultation with the Curriculum Committees and Academic Senates of both colleges and approved by the Board of Trustees.

The Committee’s duties and responsibilities in each of the areas are defined as follows:

#### **a. Curriculum**

In the area of curriculum, the Committee’s duties include, but are not limited to, approval of:

- New and revised course outlines of record for degree-applicable credit courses, non-degree credit courses, and non-credit courses;
- Pre-requisites, co-requisites, and advisories for courses;
- Limitations on the number of times a course may be repeated;
- Courses to be taught in distance education modes;
- Courses for inclusion in the requirements for the Associate degree (AA or AS);

- Courses for transfer to CSU;
- Courses for which credit may be earned through prior learning;
- Discontinuation of existing courses or programs;
- Placement of courses within disciplines;
- Assigning course identifiers;
- Maintaining and updating the discipline list.

**b. Degree and Certificate Requirements**

In this area, the Committee’s duties include, but are not limited to, the following:

- Recommendations for changes to the General Education pattern for the Associate degree;
- Definition of criteria for placement of courses within General Education areas;
- Periodic review for appropriateness and relevancy of the courses listed within a specific General Education area.

**c. Grading Policies**

In this area, the Committee’s duties include, but are not limited to, the following:

- Review of grading policies for individual courses (e.g., whether the course is grade only);
- Review of coursework required of students (as specified in the course outline of record), to ensure that coursework meets rigorous academic standards.

**d. Educational Programs**

Educational programs are initiated and developed within appropriate areas or disciplines. In this area, the Committee’s duties include, but are not limited to, the approval of:

- Educational (degree and certificate) programs and requirements for such programs;
- Pre-requisites, co-requisites, and advisories for new and revised programs.

**e. Standards or Policies Regarding Student Preparation and Success**

The Committee’s role in this area is related to its charge to approve course outlines and pre-requisites. The Committee must ensure that pre-requisites, co-requisites, and advisories are appropriately selected in such a way as to ensure students are adequately prepared for a course and will have the skills necessary to succeed in the course. The Committee must also ensure that pre-requisites, co-requisites, and advisories do not act as a barrier to students seeking to complete coursework or programs.

## **Faculty Hiring Prioritization Committee (FHPC)**

College Council Approved April 25, 2024

### **Charge:**

Using the full-time Faculty Position Request Form, the committee will discuss and rank the faculty position requests by consensus and:

- Recommend faculty hiring priorities, by discipline, to the College President;
- Ensure that the College's overarching planning documents are considered in all decisions;
- Coordinate with the Office of Institutional Research to ensure the faculty hiring is integrated with planning and research.

### **Emergency Replacement**

"Emergency Replacement" refers to the situation where a full-time position is vacated unexpectedly and a new hire is recommended to the College President outside of the normal ranking process. Retirements, resignations, and deaths do not necessarily justify an emergency hire. The FHPC will determine whether or not a sudden, unexpected vacancy justifies an emergency hire by considering the following criteria:

1. External discipline accreditation requirements,
2. Health and Safety requirements,
3. Difficulty in recruiting and/or retaining part-time faculty,
4. Impact on student success and completion,
5. Impact on faculty non-teaching duties specific to the program (e.g. facilities and/or equipment coordination, travel, recruitment/outreach),
6. Classified support status (instructional assistants, lab technicians, etc.).

The process for requesting an Emergency Replacement is as follows:

A completed Faculty Position Request Form must be submitted to the FHPC through the appropriate division dean who must verify and approve the emergency nature of the request. The faculty Position Request Form will include an explanation about the need for continuation of the vacated position and the rationale for the emergency timing of the hiring action.

The FHPC will hold a special meeting after the dean forwards the request to the FHPC.

Based on the information provided in the form, the FHPC will decide by consensus whether to recommend immediate replacement of the position, to consider the position within the existing rankings\*, or to request that the application be submitted through the regular process the following year. If multiple Emergency Replacement requests are reviewed at the same time, the FHPC will rank them in order of priority based upon the criteria listed above. Recommendations will go to the Academic Senate, along with a rationale. If there are any concerns formally raised by the Academic Senate, the FHPC will reconvene to review them. The FHPC will either reaffirm the recommendation(s) or make changes considering the Academic Senate's concerns. In either case, the FHPC reports its decision to the Senate and forwards its final recommendation, along with a written description of Academic Senate concerns and the FHPC response, to the College President.

No meetings to consider an Emergency Replacement will be held outside the regular academic year. If an emergency request that meets criteria 1 or 2 is received outside the regular academic year, the dean will confer with the FHPC Chair, the other deans on the committee, and the Academic Senate President. If they decide by consensus that an emergency hire is necessary, they will make that recommendation to the College President.

\*an unexpected vacancy meeting criteria 1 or 2 above will be recommended for emergency hire outside of the existing rankings; all other unexpected vacancies may be ranked alongside the existing rankings.

SLO Committee Member

**Voting Structure:**

All recommendations of the committee shall be referred to the Academic Senate for approval. Any recommendations made by the committee should be by consensus amongst the members.

**Term:**

New members are required to serve on the committee for a minimum of two years while returning members or members who have served previously are only required to serve for a year. (It takes about a year to learn the program review process and get through a program review cycle, so any new member that served on the committee would just get through learning the cycle and process and their term would end if kept to one year for everyone.)

## **Forms and Templates**

## Forms and Templates

### Description of Forms

#### Meeting Agenda

The meeting agenda is intended to inform committee representatives of the items to be discussed and also serves as a mechanism by which the campus community is made aware of issues being addressed by governance groups. The agenda is typically sent out campus-wide via email ideally at least 48 hours in advance of the meeting. It should include: the date, time, and location of the meeting; discussion topics separated into the categories of “Old Business” and “New Business” (for evidentiary purposes and to assist with tracking items); “Next Steps” (or a standing item on the agenda that provides an opportunity for the Chair to summarize the committee’s actions during the meeting as well as any follow-up assignments); “Good of the Order”; and the date, time, and location of the next committee meeting.

It is recommended that the Chair work with the Administrative Liaison and Support/Resource Staff in developing the agenda to ensure that relevant issues are addressed by the committee.

A sample is available in the “Forms/Templates” section. The College’s mission statement and planning priorities are included on meeting agendas, minutes, and other commonly used documents. This will serve to remind everyone of the main emphases for the year which may further hone discussions and decisions.

#### Meeting Minutes

The intent of minutes is to accurately reflect the meeting attendees, to document any action taken by the governance group, to provide a summary of issues discussed, and to capture next steps/follow-up items. There is a “minutes” template in the “Forms/Templates” section.

**The minutes should not be a word-for-word transcript of the meeting.** For evidentiary purposes, meeting minutes should also include information such as: the date, time, and location of the meeting, the details of any motions made/approved, and a footer to assist with referencing documents.

Draft minutes should be sent to the committee within 5 working days of the meeting so that they can be reviewed while the details are still fresh in participant’s minds and as a helpful reminder for those tasked with items for the following meeting. If no Support/Resource Staff is available for the committee, the Chair is responsible for taking the minutes (or designating/rotating members of the committee to take minutes). Minutes should be approved at the following committee meeting. In the event there is no quorum present, approval of the minutes can be done via email (with a quorum) or postponed to the next meeting.

## Appendix A. Constituency Groups (Alphabetical)

The essential constituency groups that make up the Las Positas College consultation process are identified below:

### Academic Senate

The Academic Senate represents the faculty on all non-collective bargaining matters, in collegial consultation related to certain academic and professional matters as defined in Title V of the California Education Code. On these selected matters, the Board of Trustees will “rely primarily” upon the advice and judgment of the Academic Senate in the following areas listed in Ed Code Section 53201, which is consistent with Board Policy 2015:

- Curriculum, including establishing pre-requisites and placing courses in disciplines
- Degree and certificate requirements
- Grading policies
- Standards or policies regarding student preparation and success
- Faculty roles and involvement in the accreditation process, including the self-study and annual reports

The Academic Senate’s Constitution and Bylaws are available on the LPC website.

The Academic Senate will also participate through “mutual agreement”\* in the following areas:

- District and College governance structures, as related to faculty roles
- Policies for faculty professional development activities
- Processes for institutional planning and budget development
- Regulations and procedures relating to health and safety
- Educational program development
- Processes for program review
- 

Should there be recommendations developed by the Las Positas College Academic Senate that are in conflict with the Chabot College Academic Senate and need joint resolution, these issues shall be referred to the District Governance Council.

Senate representation from each Division is determined by a ration formula determined by the Senate and identified within the Las Positas College Senate Operating Rules. Senators from each Division are elected by a majority of the members of that Division. Senators from the part-time faculty are elected by a majority of votes cast by the part-time faculty. Senate terms are for one year, with a maximum of three consecutive years.

---

\*In consulting collegially, the definitions that apply are:

*“Rely primarily” means that recommendations will be forwarded to the Board by the Academic Senate, after consultation with the President and Chancellor, and will be accepted by the Board in most cases. In instances where a recommendation is not accepted, the Board’s decision shall be based on a clear and substantive rationale that puts the explanation for the decision in an accurate, appropriate, and relevant context. If a recommendation is not approved, the Board or its designee shall promptly communicate its reason(s) in writing to the Senate. If such recommendations are not accepted, existing policies and procedures will remain in force.*

*“Mutually agree” means: Agreeing that the District governing board or such representatives as it may designate (Chancellor, President) and the representatives of the Academic Senate shall have the obligation to reach mutual agreement by written resolution, regulation, or policy of the governing board effectuating such recommendations.*

## **Administrative Team**

The Administrative Team reviews all Board policies and Administrative procedures and recommends and develops college policies and procedures to ensure their timely implementation. The administration will exercise leadership and assume appropriate levels of shared decision-making responsibility in coordination with other governance groups in the formulation and development of policies and procedures which include the following areas:

- Curriculum
- Degree and certificate requirements
- Grading policies
- Administrative roles and involvement in accreditation processes, including the self-study and annual reports
- Student preparation and success
- College/district governance structures
- Professional development activities
- Institutional planning processes
- Budget development processes
- Program planning and staffing
- Regulations and procedures relating to health and safety
- Program review
- Administrator and classified hiring recommendations

Report to: College President

Chair: College President

## **Classified Senate**

The Classified Senate represents classified professionals on all non-collective-bargaining matters. Classified staff members that serve in instructional areas will be included in discussions and will have input regarding academic programs, delivery of services, and other academic issues that affect their professional duties. The Classified Senate is recognized based upon California Assembly Bill 1725 and incorporated into the California Education Code, Title III.

In addition, classified professionals, jointly with other constituency groups, will also be given the opportunity to participate actively in the formulation and development of policies and procedures in the following areas:

- Classified roles and involvement in accreditation processes including the self-study and annual reports
- Student preparation and success
- College/District governance structures
- Professional development activities
- Institutional planning processes
- Budget development processes
- Program planning and staffing
- Regulations and procedures relating to health and safety

Classified representatives are elected by majority vote from among all voting classified members. The Governing Council of the Classified Senate includes the President, 3 Vice Presidents, Treasurer, Secretary, and Ambassadors. The Past-President and the highest-ranking union officer at Las Positas College shall serve as non-voting advisory members. The term of office of Governing Council members is one year (July 1 – June 30) and may serve more than 1 term. Refer to the current Constitution and Bylaws posted on the LPC website for Senate representation of LPC buildings. Invited and encouraged to participate in this Senate are District I.T. and M&O staff based at LPC. The Classified Senate Constitution and Bylaws are available on the LPC website.

Chabot-Las Positas Community College District

Adopted: January 16, 1996

Renumbered: September 27, 2018

### Administration

#### BP 1300 Collegial Consultation

##### **Rely Primarily**

The Board of Trustees shall "rely primarily" upon the advice and judgment of each Academic Senate independently on selected college matters and the two senates jointly on selected District matters. College and District matters will be distinguished as described in the section below on the Chancellor's Council.

"Rely primarily" means that all recommendations in the areas specified below will be forwarded to the Board through the Chancellor by the Academic Senate(s) and will be accepted by the Board in most cases. In instances where a recommendation is not accepted, the Board's decision must be based on a clear and substantive rationale which puts the explanation for the decision in an accurate, appropriate, and relevant context. If a recommendation is not approved, the Board or its designee shall promptly communicate its reason in writing to the respective senate(s). If such recommendations are not accepted, existing policies and procedures will remain in force.

The Board will "rely primarily" on the Academic Senates in these "academic and professional" matters:

- a. Curriculum, including establishing prerequisites and placing courses in disciplines;
- b. Degree and certificate requirements;
- c. Grading policies;
- d. Faculty roles and involvement in accreditation processes including self-study and annual reports.

##### **Mutual Agreement**

"Mutual agreement" shall be reached between the Board of Trustees or its designee and the Academic Senates on items specified below. On college matters, mutual agreement will be reached by a process agreed to by the college president and senate as defined in separate Board policies for each college. On District matters, mutual agreement will be reached between the Chancellor and the senates as defined in the section on the Chancellor's Council. "Mutual agreement" means that the Board of Trustees and the Academic Senate(s) shall each ratify such policies or procedures before they are put into effect. If such agreements are not ratified by both parties, existing policies and procedures will remain in force.

The Board will reach "mutual agreement" with the Academic Senates in these "academic and professional" matters:

- a. Educational program development
- b. Standards and policies regarding student success
- c. District and college governance structures as related to faculty roles
- d. Policies for faculty professional development activities
- e. Process for program review
- f. Process for institutional planning and budget development

## **District Councils and Committees**

### **District Curriculum Committee**

Curriculum, including establishing prerequisites and placing courses in disciplines  
Degree and certificate requirements  
Grading policies  
Educational program development

### **District Matriculation Council**

Standards or policies regarding student success

### **District Institutional Planning Council**

Process for program review Process for institutional planning

### **District Budget Study Group**

Process for budget development

### **College Governance Process (See College Policies)**

Faculty roles and involvement in accreditation processes including self-study and annual reports;  
  
College governance structures as related to faculty roles; Policies for faculty professional development activities.

### **Chancellor's Council (Exclusively District Issues)**

District governance issues;

- a. To provide a means for the colleges to communicate, with one another and to their constituents, the district- and college-developed recommendations in the above ten areas of collegial consultation.
- b. To serve as a vehicle for identifying and resolving District matters. Should there be issues on which college-developed recommendations are in conflict or require a joint effort, such issues shall be identified as district matters. Prior to Board presentation, such District matters will be referred to the Chancellor's Council for resolution. District matters should be of sufficient import that the policies of one college result in a significant impact on the ability of the other college to carry out its own policies. The Chancellor's Council will develop a recommended resolution which will be ratified by the Chancellor and by each college President and senate following the processes established in the separate college governance policies. Typically, such a recommendation will be developed by the appropriate council. The administrative procedures for the council are located in the Administrative Rules and Procedures.
- c. To serve as a vehicle for the Chancellor to identify the need for policies and procedures in any of the ten areas of academic and professional matters, the Council will be asked for direction on the development of these policies and refer such issues to the colleges or district councils for creation of such policies.
- d. The composition of the Council shall be jointly agreed upon by the Chancellor and Academic Senates.

- e. The membership for the District Curricular Committee, the District Matriculation Council, the District Institutional Planning Council, the District Budget Study Group, and the Chancellor's Council is located in the Administrative Rules and Procedures.

## Appendix F: Glossary of Acronyms and Terms

Acronym	Description
ACCJC	Accrediting Commission for Community & Junior Colleges
A Hours	One lecture hour. "A" is a unit value of one, equal to one lecture hours. (Related to CAH, Calculated A Hours.)
AUOs	Administrative Unit Outcomes
BaSK	Basic Skills Committee
BoT	Board of Trustees
CAH	Calculate A Hours. For example: 3 lecture hours = 3 CAH
CAP	The apportionment level to which the state will fund a district's FTES.
CC	College Council
CEMC	College Enrollment Management Committee
DBSG	District Budget Study Group
DCC	District Curriculum Council
DE	Distance Education
DEMC	District Enrollment Management Committee
DES	Dean of Enrollment Services
DSS	Dean, Student Services
EMP	Educational Master Plan
ESS	District Educational Services Support Committee
FHPC	Faculty Hiring Prioritization Committee
FMP	Facilities Master Plan, District
FPP	Faculty Prioritization Process
FTEF	Full Time Equivalent Faculty.
FTES	Full Time Equivalent Student. The method by which the District receives state apportionment. To calculate the FTES apportionment using the Art 1 class example: Multiply the number of resident students in the Class x the contact hours per week x the number of weeks per semester; Divide the sum by 515 (35 students x 3 contact hrs/wk x 17.5 wks/sem., Divide by 525 = 3.5 FTES)
FTES/FTE	Full Time Equivalent Student per Full Time Equivalent Faculty. Determining how many FTES a full-time faculty member generates. Using the Art 1 example, each class of 35 students produces 3.5 FTES.

	Since a full teaching load requires 5 classes, this full time faculty member would produce 17.5 FTES in one semester (5 classes x 3.5 FTES/class = 17.5 FTES).
PBC	District Planning & Budget Committee
PR	Program Review
PRC	Program Review Committee
RAC	Resource Allocation Committee
SLO	Student Learning Outcomes
SS	Student Services
VPAS	Vice President of Academic Services
VP Ad.S.	Vice President of Administrative Services
VPSS	Vice President of Student Services
WASC	Western Association of Schools and Colleges
WSCH	Multiply the number of students x the number of scheduled hours per week. No distinction between lecture, lab, studio, etc., hours – an hour of student contact is an hour of contact. Example: Art 1, 3 hrs/week with 35 students = 105 WSCH
WSCH/FTEF	Weekly Student Contact Hour/Full Time Equivalent Faculty. Using the Art 1 example under WSCH definition: This class generates 105 WSCH. A FT load of 15 CAH would require teaching 5 of these classes. Therefore, a faculty member teaching 5 classes with 35 students would generate 525. WSCH/FTE (5 classes x 125 WSCH = 525 WSCH/FTE).
