Groundbreaking of New STEAM Complex

On April 15, Las Positas College marked an exciting milestone with the official groundbreaking ceremony for its new STEAM Complex. The event brought together students, faculty, and staff alongside members of the CLPCCD Board of Trustees, local government representatives, and community members to celebrate the start of construction on the state-of-the-art facility.

The STEAM Complex, designed to support interdisciplinary learning in science, technology, engineering, arts, and mathematics, represents a major investment in the future of education at LPC. Attendees gathered at the construction site to hear remarks, view renderings of the new building, and commemorate the occasion with a ceremonial turning of the soil.

Immediately following the ceremony, the Board of Trustees held its regularly scheduled monthly meeting on campus, continuing a day dedicated to progress and collaboration in support of student success.

RESOURCE AND ACCESSIBILITY FAIR COMMUNITY AGENCIES

On Tuesday, April 16, Las Positas College hosted a well-attended Resource & Accessibility Fair from 11:00 AM to 2:00 PM in the quad in front of the Library. The event connected students with valuable support services provided by local community organizations, helping them navigate challenges related to housing, transportation, accessibility, and more.

The fair featured representatives from several agencies, including Tri-Valley Haven, CityServe, and Community Resources for Independent Living (CRIL), among others. These organizations offered information on a wide range of services—from subsidized housing and care coordination to financial literacy, disability advocacy, and essential needs support for individuals and families in crisis.

Students had the opportunity to ask questions, gather resources, and learn more about how these agencies could help support their personal and academic success. The event fostered a welcoming and supportive environment, emphasizing Las Positas College's ongoing commitment to student well-being and community partnership.

BLACK STUDENT SUCCESS WEEK

Las Positas College proudly participated in Black Student Success Week, held April 22–26, 2025, joining colleges across California in highlighting the needs and experiences of Black students in higher education. This year's theme, *Building a Better Future Together: the Urgency is Now*, guided a week of virtual events, daily webinars (known as "The Black Hour"), and campus discussions aimed at advancing equity, access, and opportunity.

Throughout the week, LPC encouraged students, faculty, and staff to engage with statewide programming, which included powerful conversations on student success, leadership, racial equity, and institutional change. Resources were also shared to support student achievement and help colleges strengthen practices that uplift Black students.
