LPC Planning Priorities

❖ Establish a knowledge base and an appreciation for equity; create a sense of urgency about moving toward equity; institutionalize equity in decision-making, assessment, and accountability; and build capacity to resolve inequities.

5. Old Business

- Work on updates/changes/goals for next year's Program Review template and process
- Priorities for Spring Semester
 - Wellness
 - Data analysis—Review Hannah Lawler's presentation
 - Need more support for faculty
 - More access to better data
 - More asking students what they need
 - More asking programs what data they need
 - Can the DEI task force help develop surveys that faculty can use?
 - Need more training for people to help them know how to make equity-based interventions
 - We need to be careful about giving everyone DEI work that isn't going to help the issue—it needs to be targeted to interventions that we know would help.
 - Others?
- Update—the committee would like to use the same update form as 2 years ago. This is a very minimal form, so Karin will need to check with the SLO committee and office of RPIE to make sure there aren't any compliance needs.
- The CTE questions will still be included every other year.
