 X N/A

Campus system or Committee	How has it benefitted your students?

E. If you have outreached to students in your department, program or classes, please share information about what you discovered and how you have used the feedback

 N/A

Describe student outreach used to gather feedback? For example, through surveys, conversations, etc.	1. Student survey administered in Spring 2020 to HEA students regarding their online needs, and whether they an extenuating withdraw due to COVID would benefit them. 2. Regular email outreach to HEA students asking about their missing assignments, and what instructor can do to support their success.
What did you learn?	1. Learned which students were experiencing hardship due to COVID and needed assistance filing extenuating withdraw due to COVID. 2. Many students need more time to submit assignments; flexibility with due date extensions is important.
How will you use the feedback?	1. Instructor filed extenuating W for students requesting assistance with process. 2. Accepted late assignments without

	penalty; some students afraid to ask/advocate for more time; instructor outreach to struggling students is really important to retention and success (of course we already knew this ☺).

Section Two: Data Analysis – Quantitative and Qualitative

A. IR Data Review: Describe any significant trends in your program's data provided by the office of Institutional Research and Planning. (Note: Not all Programs have IR data available; if your program does not have a data packet or dashboard data, you may note that in the response box.) You may also discuss any other data used by your program for decision-making and planning.

- IR Data packets are available here: <https://bit.ly/2lYaFu7> - will be updated with fall 21 data
- Course Success Rates Dashboard can be found at the bottom of this page: <https://bit.ly/2Y9vGpl>

Success Rates remain very high (80%)
 Distance Education success rates are equal to Face to Face success rates.
 Fall 2020 and Spring 2021 enrollments are the highest they have been since 2017. 2020-21 was ALL online; online HEA courses are working for students and increase access to students.
 Productivity of HEA department remains high. WSCH/FTEF is much higher than college average.
 Productivity is close to 600 for 2020-21.
 Based on data above, HEA will continue to offer a breadth of DE courses, and will continue to offer a a large proportion of courses in DE mode.

B. Program-Set Standard (Instructional Programs Only): The program-set standard is a baseline that alerts programs if their student success rates have dipped suddenly. There may be many valid reasons a program does not meet the Program Set Standard; when a program does not meet this standard, they are simply asked to examine possible reasons and note any actions that should be taken, if appropriate.

[Program-set standard data can be found on this page:](#)

- *Did your program meet its program-set standard for successful course completion?*
☒ *yes* ☐ *no*
- *If your program did not meet your program-set standard, discuss possible reasons and how this may affect program planning or resource requests.*

SLOs/SAOs:

For assistance with these questions, contact the SLO Committee Chair. [<https://bit.ly/3fY7Ead>]

Each year programs must discuss how their PSLOs, CSLOs, or Service Area Outcomes (SAOs) support the College Mission. This helps us to see how our students are progressing in their learning.

You should complete ONE of the following three sections. Please choose the option that is most appropriate for your program:

- C1: Instructional Programs with PSLOs
- C2: Instructional Programs without PSLOs or with Special Circumstances
- C3: Non-Instructional Programs

Go directly to the section you chose. If you are not sure which option to pick, contact the SLO Committee Chair or Program Review Committee Chair for assistance.

C1: Instructional Programs with PSLOs

PSLO Assessments:

- (1) Please list the PSLO(s) that were reviewed in this last cycle and explain why these were chosen.

No PSLOs were assessed in 20-21.
