Time Frame: This Program Review should reflect on program status during the 2021-22 academic year. It should describe plans starting now and continuing through 2022-23.

Sections: There are three sections to this document. Sections and questions identify the name of the committee or office that will use the information and where you can get additional help.

- The first section focuses on general program reflection and planning.
- The second section is a review of curriculum, to be filled out only by programs with curriculum.
- The third section is a review for CTE programs, to be filled out only by these programs.

Section Two: Data Analysis – Quantitative and Qualitative

A. IR Data Review: Describe any significant trends in your program's data provided by the office of Institutional Research and Planning. (Note: Not all Programs have IR data available; if your program does not have a data packet or dashboard data, you may note that in the response box.) You may also discuss any other data used by your program for decision-making and planning.

- IR Data packets are available here: <https://bit.ly/2IYaFu7> - will be updated with fall 21 data
- Course Success Rates Dashboard can be found at the bottom of this page: <https://bit.ly/2Y9vGpl>

Program has no quantitative data yet

We have anecdotal data from LGBTQ+ students who have left LPC that they are not doing well upon transfer because of a lack of support at the transfer institution. Students are taking longer to complete a degree.

B. Program-Set Standard (Instructional Programs Only): The program-set standard is a baseline that alerts programs if their student success rates have dipped suddenly. There may be many valid reasons a program does not meet the Program Set Standard; when a program does not meet this standard, they are simply asked to examine possible reasons and note any actions that should be taken, if appropriate.

[Program-set standard data can be found on this page:](#)

- Did your program meet its program-set standard for successful course completion?
___yes ___no
- If your program did not meet your program-set standard, discuss possible reasons and how this may affect program planning or resource requests.
