### **PROGRAM REVIEW Fall 2022**

**Program:** Community Education

**Division:** Enrollment Services

**Date:** DRAFT 10.4.2022

Writer(s): Frances DeNisco

**SLO/SAO Point-Person:** Frances DeNisco

**Audience:** Deans, Vice Presidents of Student Services and Academic Services, All Planning and Allocation Committees. This document will be available to the public.

**Uses:** This Program Review will be used to inform the campus and community about your program. It will also be used in creating Division Summaries, determining College Planning Priorities, and allocating resources. The final use is to document fulfillment of accreditation requirements.

**Please note:** Program Review is NOT in itself a vehicle for making requests. All requests should be made through appropriate processes (e.g., Instructional Equipment Request Process) or directed to your Dean or supervisor.

**Time Frame:** This Program Review should reflect on program status during the 2022-23 academic year. It should describe plans starting now and continuing through 2023-24.

**Sections**: There are two sections to this document. Sections and questions identify the name of the committee or office that will use the information and where you can get additional help.

- The first section focuses on general program reflection and planning.
- The second section focuses on data analysis, including SLOs/SAOs/PSLOs
- The final section is a review of your pathway maps and curriculum, to be filled out only by programs with curriculum offerings.

**Topics:** The Program Review Glossary defines key terms. Writers should review this glossary before writing: <a href="https://bit.ly/2LqPxOW">https://bit.ly/2LqPxOW</a>

For Help: Contact Nadiyah Taylor: <a href="mailto:ntaylor@laspositascollege.edu">ntaylor@laspositascollege.edu</a>.

A list of contacts for help with specific sections is provided on the Program Review website under the "tools for writers" tab. [https://bit.ly/3fY7Ead]

#### **Instructions:**

- 1) Please respond to each question with enough detail to present your information, but it doesn't have to be very long.
- 2) If the requested information does not apply to your program, write "Not Applicable."
- 3) Optional/suggested: Communicate with your dean while completing this document.
- 4) Send an electronic copy of this form to Nadiyah Taylor and your dean **by November**1, 2022

**Frequently Asked Questions** 

# Throughout this document you'll see that equity is a guiding principle. Here is the LPC definition:

Las Positas College will achieve equity by changing the impacts of structural racism, ableism, homophobia, and systematic poverty on student success and access to higher education, achieved through continuous evaluation and improvement of all services. We believe in a high-quality education focused on learning and an inclusive, culturally-relevant environment that meets the diverse needs of all our students.

LPC Equity Definition: Equity is parity in student educational outcomes. It places student success and belonging for students of color and disproportionately impacted students at the center of focus.

# Section One: Your Program In 21-22 - Please check N/A where relevant

# A. Accomplishments: Identify accomplishments from the 21-22 AY.

Some areas you may want to note in your explanation are:

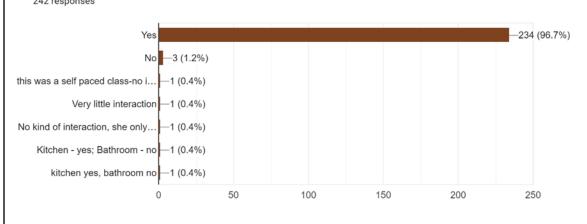

- Did your accomplishments support your program's plans identified in 21-22 PR
- Did they relate to guided pathways, and/or
- Did they support areas in the equity definition above

#### Accomplishments

1 We asked the equity director last year and had added an equity question to our student evaluations "Do you feel respected by your instructor?" This year we assessed that question. Results: 96.7% of evaluation respondents felt respected by their instructor.

Did you feel respected by your instructor? 242 responses

- 2 We did continue to expand our on campus partnerships working with STEM professors to create two successful programs: Vacuum Technology Workshop and California Naturalist Program.
- 3 We did consult with the Institutional Research team to run a correlation around emails that fee-based students use that are in common with the personal emails of registered regular for credit students. We have about a 13% crossover of students

|     | between fee based and regular students as of the data provided to IR in Fall 2021.       |
|-----|--|
|     | Unfortunately, this data cannot tell *when* story of the crossover. In other words, it   |
|     | doesn't tell us whether students take fee based classes THEN regular classes, or if they |
|     | are enrolling in both at the same time. I tend to think it is the latter, due to our     |
|     | current on campus partnerships.  |

### B. Challenges, Pain Points, and Needs:

What significant challenges or obstacles did your Program face during AY 21-22 especially related to accomplishing program goals/plans? You may want to consider areas in the equity definition on page 2.

### Challenges/Pain Points/Needs

- 1. We could not impact hiring systems. We continue to comply with all of the business services and HR hiring practices as best we can. We still keep track of the types of hiring that occur statewide in Community Education programs, and have provided HR with examples of how other colleges hire CE instructors, but we were just told that those positions don't exist here in our district.
- 2. Future is still uncertain here for the program at LPC. Once again, very few CE programs are stand-alone in the state. Most are connected to continuing (noncredit) adult education and contract education at other campuses.
- 3. Registration system overhead costs continue to rise while overall enrollments decline.

# **Goal A: Educational Excellence**

A1. Analyze and meet the educational needs of a diverse population and workforce through ongoing program support and innovation.

CE has come alongside CTE, Public Safety, STEM and other campus programs/students and also provided the new "Rapid Employment Training" programs such as CCMA, Phlebotomy, Pharmacy Technician and HVAC training to meet workforce needs and training needs of the LPC Community.

A4. Provide students with the knowledge and skills necessary for career readiness and advancement.

Some of the programs CE offers enhance student applications to such programs as nursing, and public safety. We also promote skills training that is specific and quick: Quickbooks, Excel, Medical billing, Spanish etc., that is necessary for already employed members of our community to promote, do better at their jobs or otherwise improve their employment chances.

# **Goal B: Community Collaboration**

B2. Develop and strengthen collaboration with community partners to better serve local, regional, national, and global workforce needs and to secure resources for program growth and innovation.

This year we have worked well with LLNL and STEM through the Vacuum technology workshop, with CTE and several departments for Career exploration summer camps, with UC and STEM through the Cal Naturalist program, and with Friends of the Vineyard and Viticulture on the return of Winery Tasting Room Sales and Service, just for a few examples.

B3. Coordinate efforts to increase community awareness of the programs, services, and achievements of Las Positas College through a variety of approaches, especially social media, targeted outreach, and on-campus events.

We promote on campus activities and events through our social media platforms and 3 x per year print brochure that reaches 68,000 area households.

# **Goal E: Equity and Anti-Racism**

E4. Nurture a campus-wide culture of rigorous attention to equity and anti-racist practices.

We have added an equity question to our student evaluations. We have added as many gender options as our registration system provides to our demographic information. We continue to search for quality online programs conducted completely in Spanish to serve our community such as our online Spanish language HVAC program.

### C. SLOs/SAOs: Assessment of Student Learning and Support

Program Review is our major source of data on student learning for the college and is therefore regularly reviewed. *Each year programs must discuss how their PSLOs, CSLOs, or Service Area Outcomes (SAOs) support the College Mission. This helps us to see how our students are progressing in their learning.* 

For assistance with these questions and instructions on how to run the necessary reports in eLumen, <u>click here.</u>

You should complete at least one of the following three sections. Please choose the option(s) below that are appropriate for your program - Go directly to the section(s) you chose.

- C1: Instructional Programs with PSLOs (disaggregated PSLOs)
- C2: Instructional Programs with CSLOs (Departments without degrees, non-major courses, and/or other courses up for assessment)
- C3: Non-Instructional Programs (SAOs)

# C1: Instructional Programs with PSLOs (disaggregated PSLOs)

- 1) To assess PSLOs, CSLOs must be correctly mapped to only one PSLO within eLumen and every mapped CSLO must have assessment data. Please insert a checkmark in one of the following options that correctly describes your data and move on accordingly.
  - a. If the CSLOs are mapped correctly and there is data for each CSLO, then continue to question 2.
  - b. If the CSLOs have assessment data and the mapping needs to be completed, then complete the mapping within eLumen (See SLO Handbook, p. 7) and continue to question 2.
  - c. If not all of the mapped CSLOs have assessment data, then you cannot assess the PSLO. In this case, continue to question C2.

| Will all of your courses be assessed by June 2023? N/A |   |  |  |
|  | YesNo   |  |  |
| y  | not, please update your 3-year plan to include any courses you missed, or if you plan to revise our 3-year plan, then send your updated plan to the Curriculum and SLO Specialist, and the SLO shair.   |  |  |
| 6. Are you planning on updating any SAOs?              |   |  |  |
| -  | YESxNO *We have just created one.   |  |  |
|  | (If yes, then you may do this through eLumen, see the SLO Handbook if you need instructions on how to do this.)   |  |  |
|  | you experienced any challenges in completing your SAO assessment process please list those w, along with any items that would help you improve this process in the future.  |  |  |
| out  | We will be able to provide data, but will not be using the eLumen system for Community Education outcomes because our data should not roll-up to regular college CSLOs or other types of data, as our program is not for college credit/or noncredit and does not impact state reported outcomes. |  |  |

# Section Three: Guided Pathways & Curriculum Review (Programs with Courses Only)

For assistance with these questions, contact the Curriculum Committee Chair

Part One: Guided Pathways: Your program's work with guided pathways

# A. Program Maps - <u>The Program Maps (degree and certificate course sequences) are</u> found in Academic & Career Pathways

Up-to-date Program Maps are used by students in your pathway, for data collection to support in-reach to students in your Pathway, predictive scheduling recommendations for Discipline Plans, and may influence the allocation of FTEF.

Please compare each Program Map to your current course offerings and course sequencing. Pay close attention to prerequisite information and to classes that may only be offered particular terms.

- 1) Are your Program Maps accurate?
- Yes, all of my maps are accurate
