Delivery Methods	Web-Hybrid (Instruction will include both online and face-to-face delivery) Web-Based (Instruction will be delivered completely online)
If Other, describe here	
Rationale for DE	One of the goals in our Program Review is to meet the needs of our students through new, relevant courses, degrees, and certificates offered at a distance. Hybrid and DE instruction meet the needs of the students, as expressed in surveys. Especially important is to provide flexibility for disadvantaged, economically impacted students, veterans, working students, women and re-entry students who have sometimes varying and conflicting responsibilities. Advisory board recommendations include the increased availability of DE classes for students.
Accessibility All materials must be accessible to students with disabilities	Close captions for videos Transcription for Audio Alt text for images Formatting and coding for tables Accessible Word/PPT/PDFs
