3	It went well, though I was a little bit confused - mainly due to me being new to it all. My only real complaint is that I never got a confirmation or reminder email, which led to quite a bit of confusion.	11/30/2018 8:44 PM
4	I had no idea I needed to sign in to cranium cafe to access my account. But I did like that the counselor I had an appointment with emailed to start the appointment. So in that case the appointment process was a breeze but another clarification in the emailed instructions that would be good would be to say that the counselor will email to start the appointment over cranium cage. Otherwise I had no idea how the appointment was going to start. The appointment itself was great, my counselor was so so thorough and I'm very grateful for the help I received! Making the counseling appointment was fairly easy too. I like that I could call the counseling department and only waited about a minute or so before someone picked up. Finding an email address for the counseling department was difficult however. Thank you for making Las Positas Counseling department better!!	11/30/2018 10:44 AM
