* The Peruvian retablo (altarpiece) is, in a sense, a blend of the several styles of retablos.

A photograph of Claudio Jimenez Quispe, a man with dark hair and a grey sweater, holding a large, colorful retablo. The retablo is a framed piece of art with a vibrant, multi-layered design featuring various animals, plants, and religious figures. The background of the poster is a collage of similar retablo images.
