

# Shared Governance

- 2-hour workshop in March
- Focus on specific issues relevant to our college
- Looking for your feedback and suggestions

# Shared Governance

- What is shared governance?
- What is the history and intent of shared governance?
- What is the difference between shared and participatory governance?
- What is the legal definition of shared/participatory governance?
- What is the role of the college or district's chief executive officer in participatory decision-making and collegial consultation?
- What is the role of administrators, faculty, classified staff, and students in consultative processes?

# Shared Governance

- What are the opportunities and challenges that come with shared governance models (trust, fairness, inclusion)?
- How do we increase dialogue and reaching consensus using shared governance?
- Does everyone have to agree with and accept the recommendations of individual or collective constituent groups?
- What can a college do if there are ongoing unresolved issues in shared governance?
- What are examples of feasible or effective shared governance systems?
