

Town Meeting ANNOUNCEMENTS

February 2, 2011

Thank You from Public Safety Club

The LPC Public Safety Club wishes to thank all Students, Staff and Faculty who so generously donated new toys to the "Holiday Toy Drive" sponsored by the Public Safety Club!

Over 350 New Toys were collected! 83 children from families associated with the CAL WORKS Program were provided these toys helping to bring a great Christmas to these children who's families are struggling in these difficult economic times!

Faculty Recital

Don't forget the Faculty Recital on Thursday, February 3, at 7:30 p.m. in the Main Stage Theater of the Mertes Center for the Arts.

There will be performances of music from jazz to classical, and also performances by speech faculty.

Monday, March 7, 2011

7:00 – 9:00 p.m.

Mertes Center for the Arts

The Student Health & Wellness Center
Presents
The National Touring Interactive College Production
“ Sex Signals”

1 in 3 women will be sexually assaulted in their lifetime, most of these incidents will occur during the college years as date rape. In response to this statistic, we have initiated a sexual assault campaign focused on primary preventative measures as recommended by the American College Health Association.

Police & Fire officers will be at the event promoting the “my strength is not for hurting campaign” encouraging young men to live a life based on equality, caring and respect. <http://www.mystrength.org/>

We encourage faculty to view a clip of the production @ www.catharsisproductions.com/ and consider **offering extra credit** to their students for attendance of this very important educational opportunity.

SAVE THE DATE!

Italian Film Festival
March 25 & 26, 2011

More info to follow!

Faculty & Staff Wellness Program

Together with Community Education, we have put together a wellness program for the LPC faculty and staff. This is a pilot program that currently only includes playing basketball and badminton in the gym on Fridays at 12:30. If this is successful, then we would like to expand to other areas. For now, I am asking all faculty and staff interested in basketball and/or badminton to join this class. We are open to all levels of play. This is intended to be a fun social event where we may get some healthy exercise!

The course: Wellness Initiative 101 (Course Number: WI101)

WHEN: every Friday from 12:30 to 1:30 p.m.

WHO: open to all LPC employees

WHERE: in the gym

The class officially started on Friday, Jan 28. It will continue for 12 weeks. To join you must:

- 1) be employed at the college
- 2) register for the class
- 3) sign a release form
- 4) pay the fee of \$25

You can NOT register for the class online as it is only available to people who work at the college. However, you may call Frances DeNisco to register or complete everything at the gym. Everything must be completed before you are allowed to play. No students or general public are allowed.

Be well!

TLC Workshops

Sign up for a Spring 2011 Teaching and Learning Center workshop and/or appointment by going to the Staff Development home page and clicking Workshops. Or you can go directly to the sign-up page at:

<http://www.laspositascollege.edu/staffdevelopment/workshops.php>

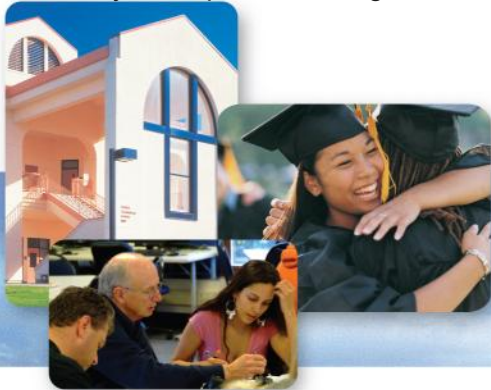

M&O District Vehicle Reservations

Currently at LPC we have 2 - 15 passenger Ford vans for transporting students for approved field trips, A-53 and A-54, to reserve one of these student transport vehicles, user must fill out the attached Vehicle Request Form and submit it to Rita Carson in M&O for processing. For other types of vehicles submit the Vehicle Request form or contact Rita Carson with M&O to discuss specific need and availability of vehicle(s) requested.

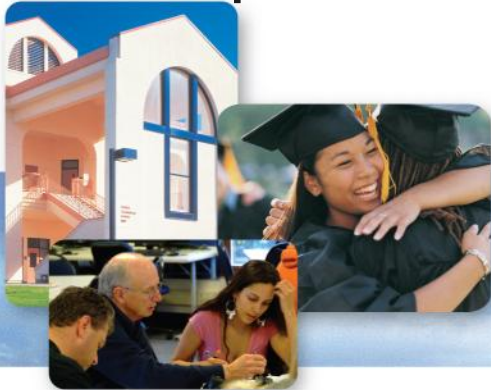

Driver's License requirements for vehicle reservations and use:

- To drive a District Vehicle to transport students or passengers you must be an approved driver with a commercial class A or B driver's license with the correct passenger endorsement and DMV Medical Examiner's Report on file with the District M&O Office, demonstrate that you can operate the type of vehicle you are approved to drive and have the Driver Proficiency and Authorized Vehicles sheet signed by the M&O Director on file with M&O with your license and medical examiner's certificate copies attached to this form.
- You will be added to the Employer Pull Notice Program with DMV to receive your driving records to verify that your license is still in active once per year and/or when there is activity on your driving record (i.e.: an accident or ticket).
- To drive a District Vehicle without passengers or students you must have a copy of your driver's license on file with the District M&O Office. The vehicle requested must be available for other's to use and not currently in use for an M&O project. A driver with a standard class C license may drive a District Vehicles (i.e. cargo van(s), pick up truck(s), or box van) as long as you provide a copy of your driver's license on file with the District M&O Office and show proficiency to drive the vehicle requested.
- To use a fork lift the driver must have a valid fork lift operator certificate and provide a copy to M&O Office and the fork lift must be available for use and not currently in use for an M&O project.
- To use a utility/golf cart you must go through the CLPCCD District Golf Cart/Utility Vehicle Operation Program training, available through District Emergency Preparedness and Workplace Safety Office. The request to use a golf cart/utility vehicle by a dept that does not have their own may be requested through Rita Carson with M&O and the cart must be available for use and not currently in use for an M&O project.

Reservations for M&O Conference Room

Conference Room 3123 is available for meeting use for the campus in Bldg 3100 M&O Building, this room can be set up with chairs and/or tables, however the user need it configured and will hold approximately 40 people with rows of chairs only and probably 15-20 with tables - this is my best estimate. The reservations are scheduled through contacting Rita Carson to be added to the room reservation calendar. The room set up and tear down/clean up is the responsibility of the user.
