

# Automotive Scheduling and Guidance for Counselors

# Why are we doing this?

- Auto class schedule is different
- [Follows ASE \(our accreditation\)](#)
- Auto Students are different
- Auto industry is different
- Get our students into campus
- We all want to help students

# How does our Schedule work?

## Automotive Class Rotation

		Fall	Spring								
<b>Monday</b>		INT (Async Lec)									
Lectures are all on Mondays. They are recorded live, however, the classes are asynchronous. Students may join live, but are not required.											
		Fall	Spring								
<b>Tuesday</b>	8-12	A1	A4	A7	L1	A3	A6	A9	A2	A5	A8
	12-5	A2	A5	A8	A1	A4	A7	L1	A3	A6	A9
<b>Wednesday</b>	8-12	A3	A6	A9	A2	A5	A8	A1	A4	A7	L1
	12-5	LABA/B/C/D									
	6-9	SDR	L3	P1	*Same rotation	*Same rotation	SMOG	SDR	L3	P1	SMOG
<b>Thursday</b>	6-9	INTL (1)									
<b>Saturday</b>	9am-1pm	INTL (2)									

Classes in Green do not rotate and are the same day/time every semester.

INT - The lecture portion of the intro class is async and run every semester

### Class Size

A1-A9, L1, L3, P1, SMOG, SDR, INTL	24
INT	48

At this time, our program is VERY full. We would like all incoming students to take only INT and INTL in their first semester. Once they pass INT and INTL, they can take the other classes.

It is not recommended for first-semester students to take the LABA class. All of our classes have a NC shadow.

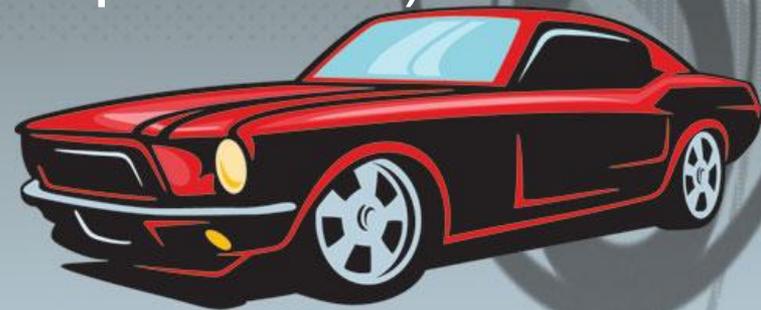

After students take the INT/L classes, they can start anywhere in the rotation. The only class with a pre-req other than INT/L is L1 (A6)

\*Same Rotation means the classes repeat. The day complete rotation is 10 semesters, night is an 8 semester rotation

# First Semester Students

- Try....
  - Only take INT and INTL
- Take other college classes
  - Get them to explore gen-pop
- Challenges
  - Pre/Co-req
  - To many students (first world problems)

# Our student take EVERY class

- Why?
- Do they need to?
- Do Certs or AS's mean anything to industry?
- Difference between the AS and certs we have. [Link to AS/Certs](#)
