

# Meet ComplyBot: Your Accessibility + Course Design Assistant

Wanda Butterly  
Instructional Technology Specialist  
wbutterly@laspositascollege.edu

Kat King  
Instructional Technology Coordinator  
kmking@laspositascollege.edu

# Workshop Description

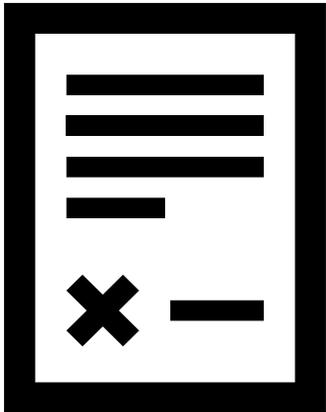

Are your course materials accessible to all your students? We'll show you how to quickly check and introduce you to a new tool that can dramatically improve your students' experience. Come learn how to:

- Quickly identify accessibility errors on Canvas.
- Leverage ComplyBot to dramatically reduce the time and effort required to make your course materials accessible.
- Quickly create ADA-compliant design features (like buttons and accordions) that can improve your students' experience in your courses.
- Meet the April 2026 deadline for colleges to ensure everything online - including in Canvas - meets accessibility standards.

We'll start the workshop with demos and then shift to hands-on time for you to work on your course materials

# What's new with accessibility?

- [ESS 26-17: Accessibility Standards and Revised ADA Title II Regulations](#) - Memo from the CCCCCO that clarifies our responsibilities and implementation expectations
- Essentially – **anything online must meet web accessibility standards** (WCAG 2.1 Level AA). This includes all content in Canvas, whether your course is on campus or online.

# What are web accessibility standards?

Formatting that ensures equal access to online materials. Some examples include:

- Using "Headings"
- Creating descriptive hyperlinks
- Considering color contrast
- Tagging images with alternative text
- Captioning videos
- And more...

Perceivable

Operable

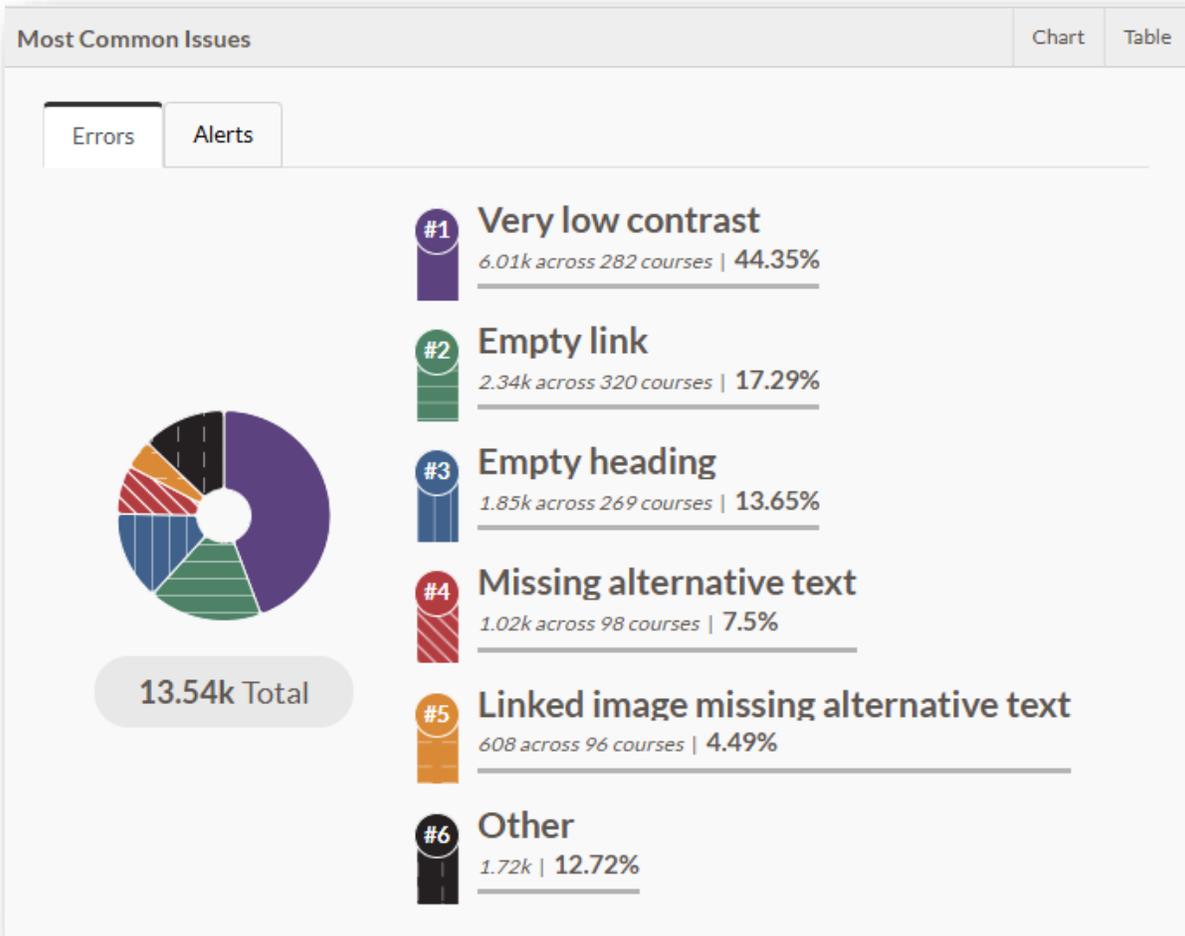

Understandable

Robust

# Common Canvas Accessibility Errors

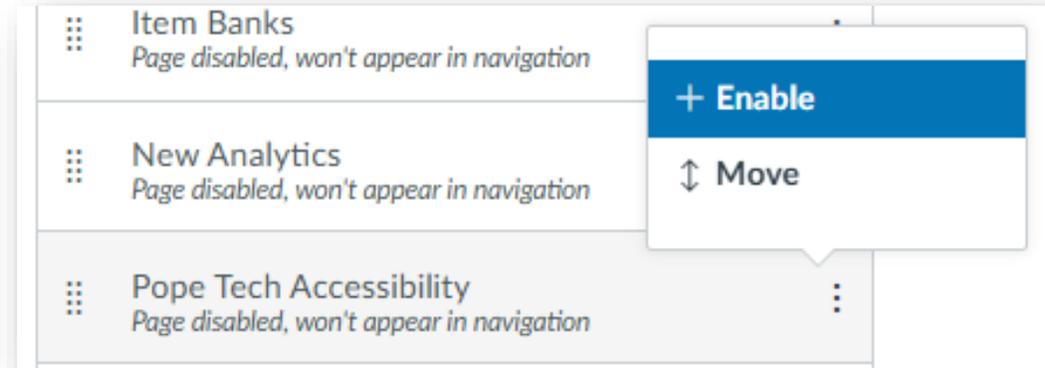

Results per course

	Errors	17.1
	Alerts	170.6
	Courses	794

# Checking Accessibility in Canvas

## If you don't see "Pope Tech" in Canvas:

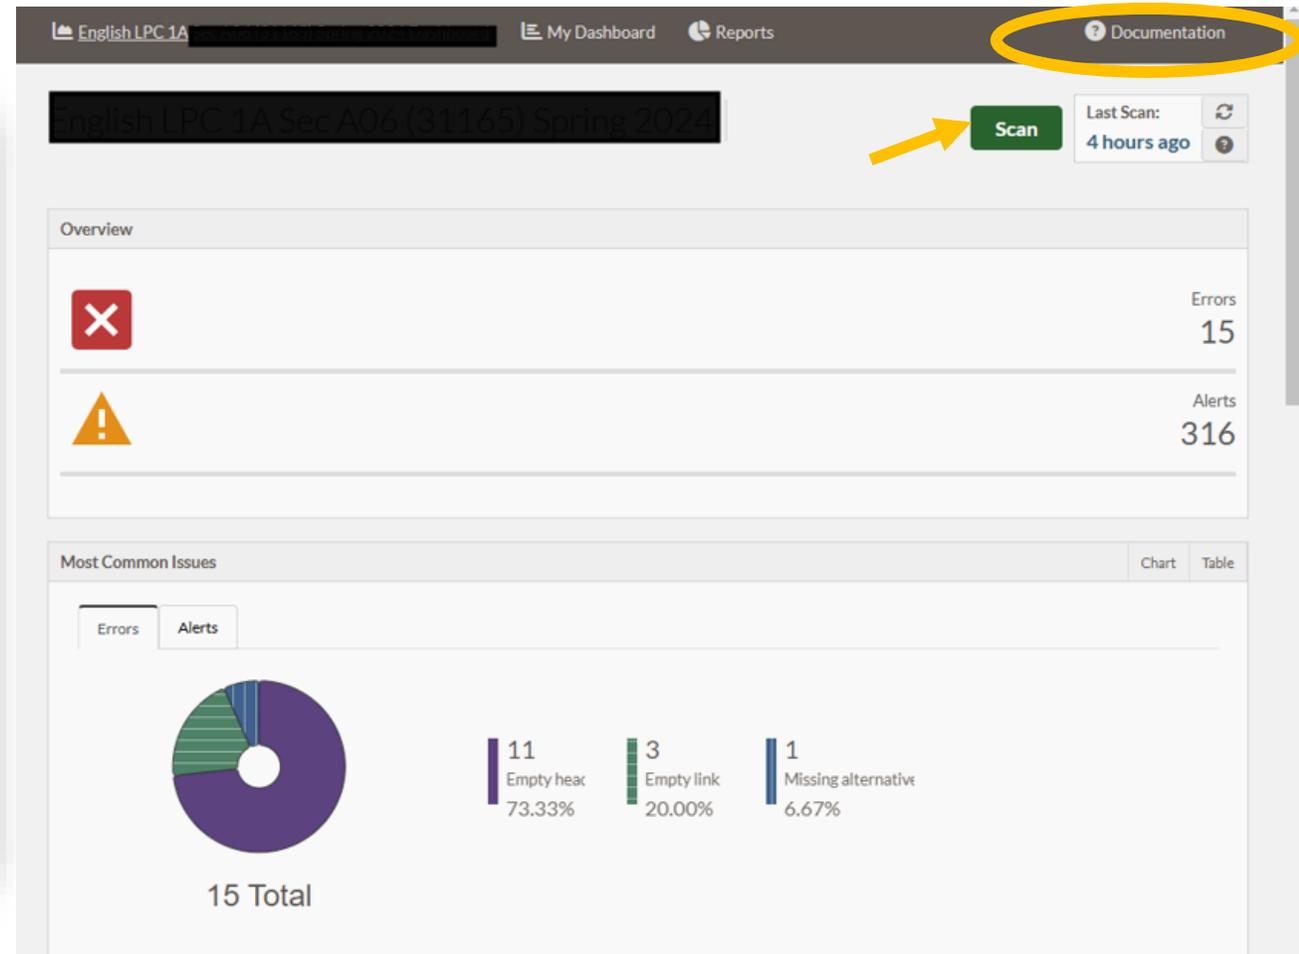

1. Open your course.
2. Click "Settings" in your course navigation menu.
3. Click the "Navigation" tab.
4. Scroll until you see Pope Tech Accessibility.
5. Click the 3 vertical dots and select "+ Enable."
6. Scroll to the bottom and click "Save."

# Pope Tech Dashboard

Click Pope Tech in your course navigation menu to scan your entire course. You'll get a list of all the content that needs to be fixed + tutorials!

# Pope Tech Accessibility Guide

Click the "P" to open the Accessibility Guide when building/editing content on Canvas. Click through to fix any errors and check alerts.

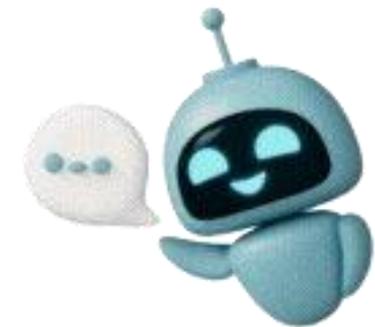

The screenshot shows the Canvas editor interface. On the left, a black arrow points to the 'P' icon in the bottom toolbar, which is circled in yellow. The main editor area shows a text box with the title 'Taking Advantage Of Tutoring' and a paragraph of text: 'Feeling stuck on revisions? Remember, as an LPC student, you have access to a variety of tutoring services for free. Stuck on some part of your essay? Want some extra help with grammar? Here are options. Take advantage!'. Below the paragraph are two bullet points: 'LPC Reading and Writing Center (RAW) (You can get help with your essay and check out supplementary materials.)' and 'LPC Tutorial Center (Learn all about free tutoring at LPC!)'. On the right, the Accessibility sidebar is open, showing '1 errors' and '2 alerts'. The 'Headings' section is highlighted with a green border and shows '1' alert. The sidebar also includes sections for 'Images and Links', 'Text and Contrast', 'Tables and Lists', and 'Documents and Videos'. At the bottom of the sidebar, it says 'popetech powered by WAVE'.

# Lots of errors? Meet "ComplyBot"

The amazing Wanda Butterly created an accessibility assistant for all of you!

It's been **trained on accessibility and UDL standards** and can help you make quick fixes to **documents** and **Canvas content**.

Try [ComplyBot](#)

*Always check the results! Ask ComplyBot to make edits or make them yourself.*

# ComplyBot Testimonials

"I can't even put it in words HOW GOOD the transformation from before and after is in my Canvas course! You must try it." -Drew Patterson, BUS

"ComplyBot has been a game-changer for my Canvas courses. I simply copy and paste HTML code, and it instantly transforms plain pages into stunning, eye-catching content using colorful fonts, borders, and call out boxes. It's incredibly easy to use, and I really appreciate learning about this tool." -Karen Oeh, ANTH

"I just love how focused and organized your classes are, from what I've learned in just the first week it's like the most organized classes I have ever had. I can tell that you really care about your students and want us to succeed." -LPC Student to Meghan Swanson, ENG

**LAS POSITAS COLLEGE, FALL 2025**  
**Biology 10: Intro to the Science of Biology**  
**CRN # 12345-EO1 and 54321-EO2**

*Basic principles of biology, dealing with the nature of living things, and the nature of scientific investigation and its bioethical impact in our modern world. Designed for non-majors in biology and biomedical sciences.*

**Professor:** Wanda Butterly

Office: N/A; E-Mail: [wbutterly@laspositascollege.edu](mailto:wbutterly@laspositascollege.edu)

Phone: 925-424-1000; Enter mailbox number (x1655), after greeting leave a message.

**Office Hour** (T/Th): 1804 (Bio Faculty Office), 1851 (Bio Learning Center) and/or 1872/1855 prior to lecture 4:00 pm to 4:50 pm.

**Course Format** (tentative):

Lectures (TTh): **Room 1872**

**5:00-6:15** p.m. - Quiz/Lecture/Fact or Fiction Game/Film/Slide/Group Activity/Assignment/Discussion

Labs (T-crn **12345** & Th-crn **54321**) **Room 1855**

**6:30-9:20** p.m. - Quiz/Lecture/Film/Lab work/Discussion

**Materials Required:**

Starr, Evers, Starr. (2015) *Biology Concepts and Applications*, or the current edition. Brooks/Cole.

Dickey, Jean (2003) *Laboratory Investigations for Biology*. 2<sup>nd</sup> edition. Thomson Brooks/Cole. (Dickey)

ebook: <https://www.cengage.com/c/biology-concepts-and-applications-9e-starr>

Unipack (12 glass sides & cover slips) / A selection of lab handouts may be provided.

*Technical Requirements* – Chrome is the preferred browser for Canvas.

**Lecture & Lab Safety Policies:**

Safety comes first! All Biology 10 students will embrace LPC's Safety Culture and sign the Las Positas College Biology Laboratory Safety Contract.

**Las Positas College Alert System** All individuals that are wanting to be notified in an emergency, please provide your contact information within ClassWeb.

**Safety Policies** If you have any questions or concerns regarding safety policies, you can find information at: <http://www.laspositascollege.edu/safety/policies.php>

**Campus Safety & Lost and Found** is located in Building 1725. (925) 424-1690

**Course Communication:** It is essential that you check Canvas regularly for posted announcements, handouts, syllabi, etc. Announcements may be emailed to your school email account; you are expected to access that information on a regular basis.

**Special Accommodations:** Las Positas is committed to the belief that its courses, classrooms, programs and activities must be accessible to all students. Any student who is unable to access instruction or participate fully in the activities of this class due to a physical, mental health or learning disability is encouraged to meet with me to discuss ways to meet your needs. If you have or suspect that you may have a disability that impacts your access to educational opportunities, please contact the Disability Resource Center (DRC) in room 1615 or call (925) 424-1510. Information about disability accommodations and campus services, which can be provided as text or links can be found at: <http://www.laspositascollege.edu/dsps/index.php>

Assessment

## Welcome to Biology 10!

### ☀ Course Overview

This course explores the basic principles of biology, the nature of living things, and the impact of scientific investigation in our modern world. Designed specifically for non-majors, we'll make biology accessible and relevant to your everyday life!

▶ 📄 What You'll Learn (Course Objectives)

▶ 🎯 Student Learning Outcomes

Video Tutorials: Doc-to-Canvas or Canvas-to-Canvas

# Tinker Time

- ❑ Open your Canvas course.
- ❑ Run a Pope Tech scan.
- ❑ Work on fixes with the Pope Tech Accessibility Guide.
- ❑ Or work on fixes with ComplyBot. (Always review results!)
- ❑ Ask questions as they come up!

Scan for slides or go to
