

INSTRUCTIONAL EQUIPMENT REQUEST 2017-2018

Internal Use IE #: <u>FALL-07</u> Total \$: <u>5,741.22</u>

Requester Name: Cindy Rosefield Division Name: A & H

SECTION 1: SUMMARY INFORMATION

Brief Title of the Request:

Instrument Storage Cabinets

These are for large instruments and would be stored in the large practice room (4131) so that students have access to their instruments. Now the only storage is in the instrument storage room inside room 4138.

Originally the design was to have the large instrument cabinets (lockers) out in the hallway between rooms 4130 and 4138. Someone decided to 'save money' and instead put "P.E." lockers in that are adequate for tennis shoes or backpacks, not anything larger than a flute or clarinet. Students who play larger instruments need access to them at the times they are available to practice, not the time when room 4138 is open and not occupied with lecture classes.

Equipment Location Building: 4000 Room: 4131

Location Comments:

MAR
③

SECTION 2: EQUIPMENT DESCRIPTION

The equipment is: A Replacement An Upgrade New Equipment/Technology

Describe the specific equipment requested and how it will be used to replace, upgrade or provide new technology to LPC from what is currently in place:

The only space for large instrument is the instrument storage space within 4138. Students cannot go in and out of 4138 because the room hosts many lecture classes and the students do not want to disturb classes to either get their instruments or put them away after practicing.

Now students who have card key access place their large instruments inside 4131. The lockers/cabinets would provide a safe and organized space for these instruments.

SECTION 2: EQUIPMENT DESCRIPTION (contd)

If applicable, describe the legal requirement, mandate, or safety concern for purchase of this equipment, making specific reference to the legal requirement or regulation:

The instruments are left on the floor and are in the way of rehearsals and sectionals that happen in that space. They not only take up floor space but are a hazard for students having to step over them.

SECTION 3: LPC MISSION STATEMENT AND LPC PLANNING PRIORITIES

LPC MISSION STATEMENT:

LPC is an inclusive learning-centered institution providing educational opportunities and support for completion of students' transfer, degree, basic skills, career-technical, and retraining goals.

LPC PLANNING PRIORITIES:

- ❖ **Accreditation:** Establish regular and ongoing processes to implement best practices to meet ACCJC standards.
- ❖ **Curriculum:** Provide necessary institutional support for curriculum development and maintenance.
- ❖ **Tutoring Services:** Expand tutoring services to meet demand and support student success in Basic Skills, CTE, and Transfer courses.
- ❖ **Professional Development:** Coordinate available resources to address current and future professional development needs of faculty, classified professionals, and administrators in support of educational master plan goals.

Specify how the equipment supports *LPC's Mission Statement and Planning Priorities:*

Our students need to practice. Room 4131 is the large practice room where students can practice in small groups necessary for our performing classes. This fits mission statement support of completion of students' transfer and degree.

This equipment may also be tied to Accreditation - establish regular and ongoing processes to implement best practices to meet ACCJC standards.

SECTION 4: EDUCATIONAL ITEMS – PROGRAM REVIEW

Specify the educational programs this equipment supports:

All performing groups in the Music program.

This also may support any Theater and Communication Studies students/classes who practice in 4131.

It is one of the only rooms with a large mirror that is needed for practicing any of the above disciplines.

Having the instruments properly stored would allow more space for students to practice in that room.

If this equipment is included in your Program Review, please include the exact wording. If equipment is not included, explain why:

B. Facilities, Supplies, and Equipment

These storage cabinets are offered by the music company Wenger and cost \$4000 each, totaling \$12000.

We are currently using similar storage units in both 4130 and 4138. With the growth of the Music department we continue to need more and proper storage lockers/cabinets.

SECTION 5: TEACHING AND LEARNING

Describe in detail the impact this equipment will have on teaching:

Better organization for instructors.

Students will be in control of their own instruments and not having to ask instructors to open instrument storage space all day long to get their instruments out.

Students will be more free to practice hence will be better prepared for in class learning. Teaching will be more in depth with students who are prepared.

Describe in detail the impact this equipment will have on learning:

Students will be freer to practice when they have free time and not whenever they can get their instruments from the Instrument storage space.

As mentioned by others, practice makes perfect - or at least towards perfect!

Each academic year, this equipment will impact: 6+ 25+
 # of classes/sections # of students

SECTION 6: OUTCOMES (SLOs)

Using your documented SLOs, specify how the equipment will enable student learning outcomes to be achieved.

Again - by allowing students access to their instruments to practice individually or in sectionals/combos we feel the students will be more successful in the following SLOs:

Facilitating student access, retention and success,

Perform stylistically appropriately to the period/style of the composition.

Students will demonstrate an adherence to recognized standards of professionalism in a rehearsal setting.

At the end of the semester the students will demonstrate the ability to play on pitch in a section and ensemble as directed by a conductor.

What are the consequences related to learning outcomes if request is not funded?

If the cabinets/lockers are not purchased the students will continue to struggle with finding space and time to practice. They will be wasting time that could be spent productively practicing.

It is the one space where students are comfortable to practice in groups/sectionals. There is a sign up sheet and students have key cards for organized access. They use this space continually while the building is open.

Having the lockers will allow more space = Facilitating student access, retention and success.

SECTION 7: TOTAL COST OF OWNERSHIP (FINANCIAL & SUSTAINABILITY)

What is the potential life span of the requested equipment?

As long as the building stands, so will the cabinets.

If new storage is needed what are the storage requirements, location requirements, and costs associated with the new equipment: (NOTE: Specific storage costs should be detailed in the "Part A: Initial Start-up Costs" section below.)

This is the storage!

If this equipment replaces old equipment but the old equipment will not be retired, are there on-going storage requirements, location requirements, and costs associated with the old equipment? If so, provide details.

N/A

What will be required to maintain the equipment, such as regular servicing or upkeep? (Specific on-going costs should be detailed in the "Part B: On-Going Annual Operating Costs" sections below as applicable.)

N/A

Explain how this equipment meets or exceeds basic sustainability efforts and/or provides renewable resources to the college:

These Wenger cabinets/lockers are well known to LPC and the District for we already use them across campus from Buileing 4000 (Music) to the Athletics building and programs.

They are:

- * Industrial grade composite, Non-formaldehyde board;
- * UL GREENGUARD Certified - low emissions chemical - ul.com/gg - UL 2818
- * Environmental attributes adn LEED compliance can be found at www.wengercorp.com/GREEN
- * 10 year warranty.

Part A: Initial Start-up Costs

<u>Item</u>	<u>Cost</u>	<u>Comments</u>
Equipment or Materials	\$3,297. ⁰⁰	
Taxes (9.5%)	\$ 353. ⁰²	\$ 313.22
Shipping or Delivery Charge	\$ 520. ⁰⁰	
Installation Costs *	1,611. ⁰⁰	
Miscellaneous Costs:		
Facilities Modifications		
Operator Training		
Maintenance & Repair Training		
Storage		
Other:		
Vendor Discount		
Grand Total:		\$5,781. ⁰⁷ \$ 5,741.22

*For items requiring installation, requesters are required to check with District Purchasing (Victoria Lamica) regarding District policies.

Part B: On-Going Annual Operating Costs

<u>Item</u>	<u>Cost</u>	<u>Comments</u>
Annual Service or Maintenance	0	
Estimated Parts Replacement Per Year	0	
Outside Standardization or Calibration Costs	0	
Storage Costs	0	
New Supply Costs	0	
Miscellaneous Costs:	0	
Maintenance & Repair Labor	0	
Other:	0	
Annual Operating Costs:		0

Indicate the source of funding for on-going annual operating costs:

0

Part C: Incremental Labor Costs

OPERATOR:

Indicate the key operator: Cindy, Dan or Ian and students

Is this in their current scope of duties? Yes

Indicate cost to train key operator (include in Initial Start-up Costs above): 0

Indicate amount of time per month key operator will use equipment: 0

MAINTENANCE & REPAIRS:

Indicate the person performing maintenance and repairs: 0

Is this in their current scope of duties? 0

Indicate cost to train for maintenance and repairs: 0

Indicate amount of time per month maintenance will be required: 0

APPROVALS

Funded requesters will be expected to respond to a brief RAC feedback survey by a requested deadline. Requests for computer-related equipment and printers must be reviewed by the LPC IT Department.

Your Performance Partner

UltraStor™ Storage Cabinets

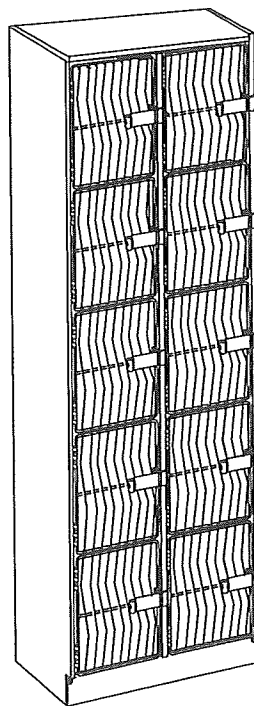

- Variety of styles tailored to different storage needs.
- Wall panels are 3/4" (19 mm) thick industrial grade composite wood with no added formaldehyde and polyester laminate finish in Wenger standard colors.
- Patented shelves are blow-molded polyethylene mounted with self-lock shelf supports.
- Grooved shelves allow air to circulate.
- Edging is 1/8" (3 mm) radiused PVC.
- Door options:
 - Individual compartment or full-length wood door - same construction as wall panels.
 - Individual compartment or full-length straight grille door - 3/16" diameter welded steel grille construction with powder-coat paint finish.
 - Individual compartment waterfall grille doors ONLY - 1/4" diameter welded steel grille construction with powder-coat paint finish.
 - No door.
- Cabinets have four or five adjustable steel leveling glides for uneven floors.
- Doors include heavy-duty 5-knuckle institutional ANSI/BHMA A156.9, Grade 1 hinge, through-bolted to cabinet wall.
- Locking slide bolt with strike plate designed for padlocks with 3/4" (19 mm) maximum vertical shackle clearance.
- Assembly required for all cabinets wider than 28" (711 mm).
- UL GREENGUARD Certified - Product certified for low chemical emissions: ul.com/gg - UL 2818.
- Environmental attributes and LEED compliance for these products can be found at www.wengercorp.com/GREEN or by contacting your Wenger representative.
- Ten-year warranty.

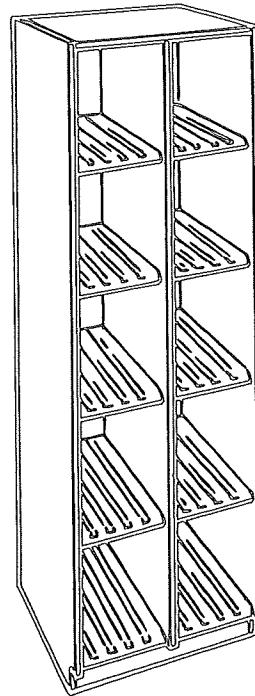

Cabinet #4 with wood compartment doors

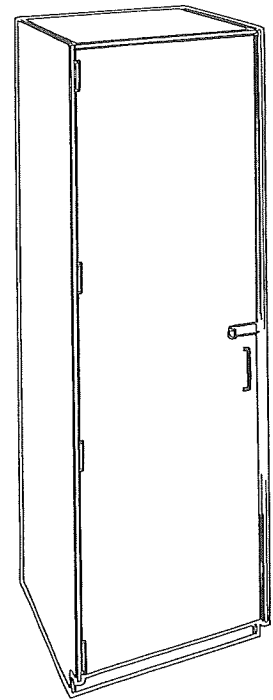

Cabinet #6 with straight grille compartment doors

Cabinet #4 with waterfall grille compartment doors
(upcharge applies)

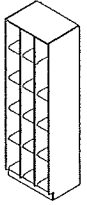

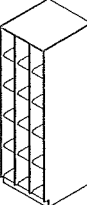

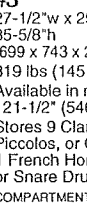

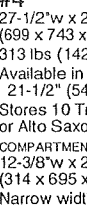

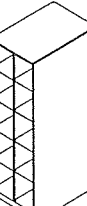

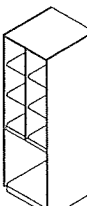

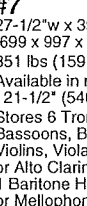

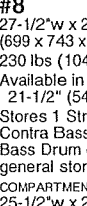

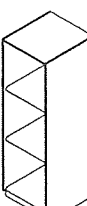

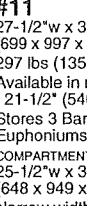

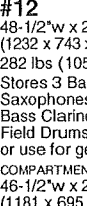

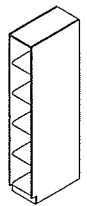

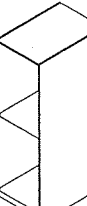

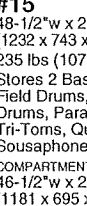

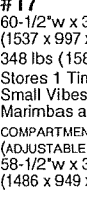

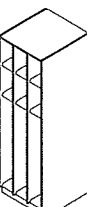

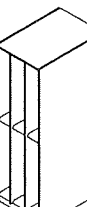

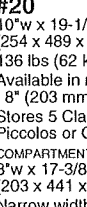

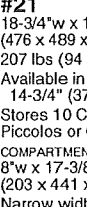

Cabinet #4 without doors

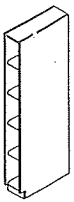

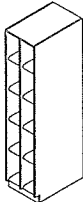

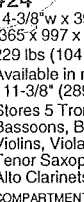

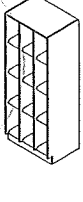

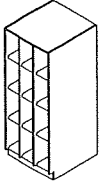

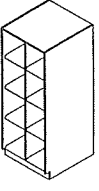

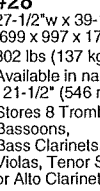

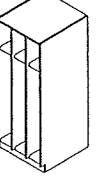

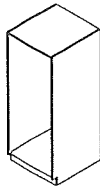

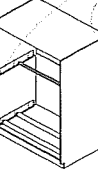

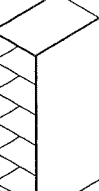

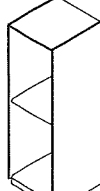

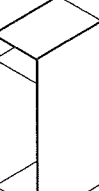

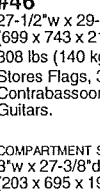

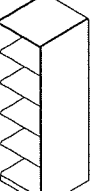

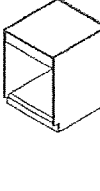

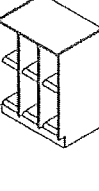

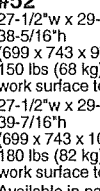

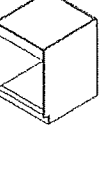

Cabinet #4 with full wood door
(Not all cabinets are available with full wood door)

NOTE: Doors must be included at the time of ordering as they can not be installed later.

Dimensions and compartment sizes on following pages.

	<p>#1 27-1/2" w x 19-1/4" d x 85-5/8" h (699 x 489 x 2175 mm) 282 lbs (128 kg) Available in narrow width: 21-1/2" (546 mm) Stores 15 Clarinets, Flutes, Piccolos or Oboes. COMPARTMENT SIZES: 8" w x 17-3/8" d x 14-5/8" h (203 x 441 x 371 mm) Narrow width size: 6" (152 mm)</p>		<p>#2 27-1/2" w x 29-1/4" d x 85-5/8" h (699 x 743 x 2175 mm) 367 lbs (166 kg) Available in narrow width: 21-1/2" (546 mm) Stores 15 Clarinets, Flutes, Piccolos or Oboes.
