Part One: Program Snapshot

A. Have there been any significant changes to your program, your program's data or your program's needs since the previous Program Planning Update?

If there are any changes, describe the relevant information and its significance in the space below.

These changes might have originated from within the program or because of an external source (the institution or the state, for example). Possible sources of relevant information might include, but are not limited to, the following:

- Data generated by your program
- Data from the Office of Institutional Research
- CEMC Data
- Retirements
- State Mandates
- Labor Market Data

There have been no changes. Staffing is still not at 100%. The program has forwarded two position requests have been sent to RAC in an attempt to get full staffing.

B. What objectives, initiatives, or plans from the 2014 Program Planning Update (PPU) have been achieved and how?

One vacant position was filled going through the RAC committee.

C. What obstacles has your program faced in achieving objectives, initiatives, or plans?

RAC prioritization of other requested positions and limited funding are obstacles to full staffing.

D. What are your most important plans (either new or continuing) for next year?

We will continue pursue meeting staffing goals. The program will develop and implement a new SAO of producing an EOP (Emergency Operation Plan). Currently, we are looking at other campuses for best practices in writing this document.

E. Do plans listed under question (D) connect to this year's planning priorities (listed below)? If so, explain how they connect.

Planning Priorities for 2015-16

- *Establish regular and ongoing processes to implement best practices to meet ACCJC standards*
- *Provide necessary institutional support for curriculum development and maintenance*
- *Develop processes to facilitate ongoing meaningful assessment of SLOs and integrate assessment of SLOs into college processes*
- *Expand tutoring services to meet demand and support student success in Basic Skills, CTE and Transfer courses.*

G. How have students been impacted by the work of your program since the last Program Planning Update (PPU)?

The hiring of a second officer working during the day time has given a higher level of safety and better customer service to those students who are on campus during the day.

Part Two: SLO/SAO Assessment Review

Review your program's SLO assessment results for AY 2014-2015 and respond to the following questions.

- A. Discuss how assessment results in at least one course in the program indicate success in student learning (OR) Discuss how assessment results of at least one SAO in the program indicate success in service to students.**

Anecdotal assessments suggest that students have shorter wait times in the office and on campus for safety and security resources.

- B. Discuss assessment results that indicate a need for improvement.**

No formal assessment has been done.

- C. Instructional Programs: For the course(s) listed in (B) above, discuss how your program, or someone in your program, made changes or plans to make changes in pedagogy as a result of SLO assessment results.**

1. SLO/SAO assessments: How does your program plan to use assessment results for the continuous improvement of student learning or services? (*NOTE: 100% of courses in your disciplines should be assessed a minimum of once every two years. Each program must assess at least 25% of its courses every semester. Programs with SAOs should assess at least 50% of their SAOs every year).*)

Examples might include (Your responses may vary.):

- changing number of units/lab hours
- changing pedagogy/curriculum
- changing assessments
